

Lake Kasshabog Residents' Association Inc.

Newsletter Fall 2010

PRESIDENT'S REPORT

www.kasshabog.org
www.kasshabog.ca

by Michael Rosen

What a summer this has been: record-breaking high temperatures, lots of marvellous sunny days, cool evenings and plenty of rain to keep the flowers and plants happy. Life on the 'Bog doesn't get much better.

I want to thank all of you who came out to the LKRA General Meeting at the Library, on July 19th. There was a noticeable willingness to participate and to suggest solutions to some of the hurdles we needed to overcome. It looked good on all those who attended. I'd like to encourage more of you to show up at next summer's gathering. Change can only happen through active participation. As well, LKRA is always in need of new volunteers to participate in various committees. New faces and new ideas are always welcome.

Many thanks to Jan Prentice and her team for organizing another hugely successful Regatta. The Art Show, put together by Pat Moffatt, Janine Ellis and Heather Ramsey was extremely well attended and the works offered by lake residents were quite amazing, to say the least. If you have any art and/or crafts that you would like to have displayed for sale at next year's Regatta, don't hesitate to contact Pat, Janine or Heather.

Rick Rye and Jim Brickell have been faithfully attending meetings for the re-grouped Conference of Lake Associations. Again, it is only through active participation in this conference and at township council meetings that any worthwhile input can be offered. In a poorly attended All-Candidates meeting at Stoney Point Marina, on August 28th, it was pointed out that the last budget meeting in Havelock attracted only two people from the township. It's pointless to complain about the goings on at council unless there is active participation. Enough said. To Susy Hamilton, who faithfully puts this newsletter together twice a year, to Hazel Higley who keeps our books in such good order, to Maureen Nunes who heads up the Membership Committee, and to Stuart Ellis who has stepped in to take over our website, we are all so grateful for their selfless participation. It's

great to be working with such a dedicated executive committee. And, where would we be without the likes of Marilyn Davison and her crew who look after the flashers and markers on the lake keeping us all safer on the water. Kudos go to Leila MacDonald for organizing a Cottage Tour that raised \$1,250 for the Dam Fund, not to mention running the Kids Klub and to Lois Galbraith and her helpers who accomplished so much fixing up the library. In spite of brooding weather at the Big Band Night in July, and cold, damp temperatures at the Corn Roast this past weekend, Kosh Lakers showed their true spirit and showed up at Stoney Point Marina to have a good time, regardless. What a great bunch we have on this lake! Thanks to Marg and all her staff for working so hard to make these events special. It's such a warm feeling to be part of the extended family on Kosh. Good thoughts, Michael

The views expressed in the L.K.R.A. newsletter are not necessarily those of the Association.

by Pat Moffatt

Thanks to all the cottagers who came to the eighth annual Kasshabog Lake Art + Craft Show.

Twelve artists participated in this year's show that included acrylic and oil paintings; photography; framed stained glass art and sun-catchers; hand-painted cards; photography cards; hand-painted cottage signs; stained glass patio stones; stained glass mirrors; crochet rugs and bowls; tatted and felted ornaments; jewelry; tating in stained glass, and wool felted bags.

Art Show judges awarded Aldo Barba the "Best-in-Show" Award for his painting entitled, Kasshabog; which depicted the boat launch near the Library. His painting sold early in the day so unfortunately many of the attending cottagers were not able to see this award-winning painting.

We are working hard to improve the show each year. New artists join the show each year, expanding the merchandise available for sale, as well as displaying the many talents of our cottage community. We strive to make a few changes each year as the budget permits and we rely on volunteer time and effort. This year we created banners for the beach and the Library. As well, the large display screen used to display artwork was painted white and white sheets were hung over the library book shelves to improve the display of artwork. All this work is done to showcase our cottage neighbours' talents and drive more attention to raising funds for the library.

More improvements are planned for next year. We plan to have parking for art show patrons who travel by boat, additional judged categories, as well as a tent located at the beach with a selection of merchandise for purchase and to direct more cottagers to the main Library location.

Attention students: Earn community hours by helping at the 2011 Art + Craft Show or at the library during the summer.

New artists are always welcome. Please get in touch with me.

We look forward to seeing everyone at next year's show.

Pat Moffatt

Kid's Klub 2010

by Lelia MacDonald, leliam@rogers.com

Bat Houses

We drilled. We painted. Thanks to Clay Brough and Annamarie Daley. Unimin also donated one bat house back to us. Look on the south wall of the Library for our newest neighbours.

MRT Tour

An informative presentation by MRT Aggregates and the Ontario Ministry of Mines. Do you know why rocks have bands of colour? Because the rocks have different melting points. The tour of the quarry was like real life Mighty Machines. MRT gave each family tree seedlings to plant and \$20 gift certificates won by Matiss Brodie and Bev Duclos.

Unimin Tour

A full bus. All the kids got on but we had to turn away many adults. Next year, Unimin promises 2 tours. Look for information on extra tours for adults in the spring newsletter.

Karaoke

Lady Gaga and Beyonce never sounded better than on this night. The Tomlinsons and Mackays rocked the show, fueled by Marg's delicious "Gummy Bear Temples".

Les and Lois

We made a ring toss game made of beautiful juniper wood donated by the Lutes, doweling by TimbrMart and rings by IKO. Thanks to Les, Lois, Annamarie and Reg once again for a fun morning.

Hike up Oak Lake Mountain

We hiked up to the peak, right to the edge of the cliffs and saw a turkey vulture.

Look in the spring newsletter for the Kids' Klub schedule for 2011.

Cottage Tour for the Dam Fund

August 15, 2010

by *Leila MacDonald, leliam@rogers.com*

(above volunteers and owners)

The theme of the tour was diversity and we saw a wide range of cottage styles from a one room renovation to a 5 bedroom new construction. All seven have unique features that make them well loved by their owners.

We raised **\$1,250** for the Dam Fund. These were our neighbours we invited into our cottages. We matched up individual participants with boat owners who had extra space – mingling north end and south end participants. One volunteer said that she knew at least one person on every boat. Everyone came to the Meet and Greet afterwards; it was a big group, 22 owners and volunteers and 46 participants. It was standing room only. New friendships were made. One owner noted that he came away with a “stronger feeling of community on our lake”.

Thanks to owners: Birte+Ken Duerr, Roz+Ron Menary, Annette+Ken Pipher, Helga Vick, Janice+Greg Maude, Chris Bradley, Ann+Paul Grissom.

Thanks to volunteers: Cathy Cameron, Steven Wright, Cathy Lees (the tour was her idea), Jan Prentice, Cail Maclean, Colin Maude, Andrew Bradley, Peter Puky, Cynthia Cole. Stay tuned for a second cottage tour featuring the north end of the lake.

WEBSITE UPDATED!!!

by Stuart Ellis

The LKRA website is currently undergoing some changes. Over the summer we've been updating the files and reviewing what our site should offer. The newsletter has been added to the home page and can be downloaded by clicking on the pdf file and other information has been posted for the Regatta, Art Show, Candidates Meetings and other events around Kasshabog Lake. The site is an important tool for all of us at the Lake when we need local information. Over the fall months and into winter we will be adding and updating more content as well as introducing a new design for 2011. We encourage submissions for the new site such as photography, news, events, history, etc. The most important aspect however is that the files be **current and updated**, so check in from time to time to see what's happening.

If you have ideas or information that you think is valuable to the Lake Association Website, feel free to send it along to stuellis@cogeco.ca

The web addresses are <http://www.kasshabog.ca> and <http://www.kasshabog.org>

HBM CONFERENCE *by Rick Rye*

The HBM Conference made up of membership from Jack's, Belmont, Methuen, Oak, Round, Cordova, and Kasshabog lakes was activated during the past year with an objective of improving our communication with the Havelock-Belmont-Methuen elected Council, related to issues of concern from our lake residents. During the year the HBM conference members had two special Council meetings with the local elected Council and we have mutually agreed that this process could be very effective if we can find a way to have an open and honest two way dialogue on the issues, recognizing that all constituents within the Township must be considered, and represented.

At the conclusion of our latest meeting in June the following items were discussed and tentatively agreed upon as action items to be undertaken during the upcoming year.

- * An environmental brochure would be developed and issued with all building permits. This Brochure would also be provided to the Conference for distribution to the Lake memberships.
- * The HBM Conference would be the contact for the Lake Associations.
- * A list of the Committees of Council requiring new members would be put on the Township web Site to utilize the talent retiring into the area.
- * Public notice would be provided as per the prescriptive notification policies set forth in the Provincial statutes that govern municipal activity.
- * The Conference will be consulted during the updates of the Official Plan and zoning By-laws.

The HBC conference will be meeting with the newly elected council following the October elections to continue to move forward with these initiatives and other issues pertaining to lake residents.

ELECTION OCTOBER 2010

On October 25th..

Re-Elect Jim Martin

Councillor at Large

" I would like to work together with the numerous volunteer and waterfront associations, as they are an integral and important part of the Townships of Havelock- Belmont- Methuen."

Phone: 1-705-778-3764

E-mail: cuttingedgels@sympatico.ca

RE-ELECT

LARRY ELLIS

✓ *Willing to LISTEN*

✓ *Willing to WORK*

✓ *Willing to SERVE*

Havelock / Belmont // Methuen

*Municipal Elections
2010*

**MUNICIPAL ELECTION 2010
RE-ELECT TOWNSHIP COUNCILLOR
LARRY W. ELLIS**

MY MANDATE FOR 2010

- MAINTAIN A MINIMUM TAX INCREASE WITH CONTINUED IMPROVEMENT OF ROADS AND SERVICES
- RE-OPEN A FULLY STAFFED MEDICAL CENTRE
- SECURE A LONG TERM CARE FACILITY FOR OUR MUNICIPALITY
- PROMOTE EFFICIENCY STRATEGIES AND COST EFFECTIVE MEASURES
- PROMOTE IMPROVED COMMUNICATION UTILIZING THE HBM CONFERENCE ASSOCIATION
- REVIEW OF OUR OFFICIAL PLAN AND BYLAW AMENDMENTS
- PROMOTE AN INTEGRATED WASTE PLAN TO IMPROVE COSTS AND SERVICES
- COMPLETE TOTAL COVERAGE OF HIGH SPEED INTERNET

THE NEXT TERM OF COUNCIL WILL BE VERY CHALLENGING. WE MUST FOCUS ON EFFICIENCY STRATEGIES AND IMPROVE OUR COMMUNICATION. I OFFER YOU MY COUNCIL EXPERIENCE, MY WORK EXPERIENCE AS A SENIOR PRODUCTION BUSINESS MANAGER AND MY FREEDOM TO COMMIT TO YOU THE 24/7 TIME REQUIRED TO REPRESENT YOU DAILY AND AT THE COUNCIL TABLE. I WILL CONTINUE TO WORK HARD IN YOUR BEST INTEREST.

MUNICIPAL EXPERIENCE

MY TERM OF COUNCIL HAS GIVEN ME THE OPPORTUNITY TO EDUCATE MYSELF ON MUNICIPAL POLICIES, THE MUNICIPAL ACT, OFFICIAL PLANS AND HOW PROVINCIAL AND FEDERAL REGULATIONS AFFECT THE MUNICIPAL GOVERNMENT. IT'S BEEN A DEMANDING BUT REWARDING FOUR YEARS.

AS WELL AS REGULAR COUNCIL DUTIES I HAVE ALSO REPRESENTED COUNCIL FOR

- PLANNING ADVISORY
- CROW VALLEY CONSERVATION AUTHORITY
- YOUTH COMMITTEES

AND PRESENTLY REPRESENTATIVE AS:

- ADMINISTRATIVE ADVISOR TO STAFF
- SOURCE WATER PROTECTION
- REVITALIZATION ECONOMIC DEVELOPMENT (BEST KNOWN AS TRIP)

THIS MUNICIPAL EXPERIENCE AND MY WORK EXPERIENCE IN EFFICIENCY PLANNING, IS WHAT I HAVE TO OFFER FOR THE NEXT TERM OF COUNCIL.

**BALLETS WILL BE MAILED ON SEPTEMBER 27/10
BY CANADA POST AND MUST BE RETURNED
BY OCTOBER 15/2010.**

EXERCISE YOUR RIGHT TO VOTE

**I ASK FOR YOUR SUPPORT
TOWNSHIP COUNCILLOR**

LARRY W. ELLIS

THANK YOU

PLEASE FEEL FREE TO CONTACT ME AT 778-2898

OR EMAIL lellis@bbmtwp.ca

SUE CUSHING *Councillor at Large*

I urge all eligible voters on our H-B-M lakes to vote when you receive your ballot in September. This is an important election. I have served you before as a school board trustee and now have decided to run for election as Councillor At Large because I think it is time for Council to spend the Tax Revenue in a fairer manner. I also felt that we rarely hear from Council until election time and I want to be a voice for lake residents working with council to bring lake issues to the forefront. I live on Round Lake and know that Lake residents have many issues that Council can help with including; septic system status through maintenance checks; rehabilitating creeks to contribute to fish reproduction; lake stewardship support for lake associations; working with the lake associations and the MNR to identify invasive species and planning for their eradication; assessing wetlands and planning for their continued health; updating the official plan and associated amendments; working with Crowe Valley Conservation Authority and the MNR and our citizens making strategic plans concerning forests, lake quality, dam maintenance concerns, water levels and species protection; developing lists of wildlife, fish and vegetation species in H-B-M and developing a plan to monitor the list as we experience climate change. We must encourage and educate new cottagers to maintain natural buffer zone areas at our lakes edges and preserve our forest diversity to protect our forest species. I want you to elect me so that I can work closely with all residents to encourage all to realize that our lakes are our biggest assets in Havelock-Belmont-Methuen. Please contact me at 705 778-2327 or by email at suecushing@live.ca or view my website at www.suecushing.com . I encourage your input and hope to hear about your concerns.

Attention All Residents

Municipal Election Day is October 25, 2010

Havelock-Belmont-Methuen Conference of local lakes encourages all voters to participate (*VOTE!*) in the municipal elections this fall.

Note that you can vote-by-mail

A few reminders:

- Please check with the Township office 705-778-2308 after September 1st to make sure that you are on the voters list, and **that you are eligible to vote.**
- When completing your ballot, **make sure your vote counts!** Follow these steps:
 1. Following the instructions on the form, complete the ballot.
 2. Insert the Ballot only into the white Ballot Secrecy envelope.
 3. Seal the envelope.
 4. Insert the white Ballot Secrecy envelope into the yellow Election Return Envelope.
 5. Sign and detach the separate DECLARATION form.
 6. Insert the signed Declaration form into the yellow Election Return Envelope.
 7. Mail the Yellow Election Return Envelope by Saturday, October 16, 2010.

*For more information contact the Havelock-Belmont
Methuen Township office (705) 778-2308, or visit*

www.havelockbelmontmethuen.on.ca

Lake Kasshabog Residents' Association Inc.

MINUTES OF ANNUAL GENERAL MEETING

SATURDAY, JULY 17, 2010

Call to order at: 10:02AM Greeting and welcome remarks from Association President Michael Rosen. He recognized the LKRA Executive including Lois Past President; Susy Hamilton for her work on the Newsletter; Stuart Ellis who has taken over the LKRA web site; Maureen and Frank Nune who are Executive members at large. He praised the involvement of Brian Tomlinson and Terry Rees and commented on the great energy and talent on the lake. He recognized Jim Brickell, association secretary and member of HBM Conference and Rick Rye for their work on the HBM Conference. Both attend meetings and report back to the association. Volunteers are always welcome.

Oh Canada

Greeting from Michael Rosen. Next Saturday there is big band evening down at Stoney Point Marina. All are encouraged to come out for an evening of fun.

Acceptance of 2009 AGM Minutes. Motion by Michael Rosen to accept minutes from last year AGM published in FALL 2009 newsletter, seconded by Frank Nunes. Approved.

Acceptance of 2009 LKRA Financial Statement and Treasurer's Report. Hazel Higley reported that there is \$1200 surplus in budget. The surplus is the result of donations. Motion to accept financial statement by Cathy Ells, second by Betty Williamson. Approved.

Michael Rosen introduced Reeve Ron Gerow who introduced councillors Jim Martin, and Larry Ellis. Regrets: David Gerow who is attending Crow Lake meeting and Andy Sharpe with family commitments. Reeve Gerow reported that over the past year HBM council has been consulting with HBM Conference and wants to work more closely with lake associations. Ten major lakes in the township and lake plans and consultations between lakes are important to reeve and council. Places to Grow Official plan is being implemented and within week or so 1st draft of changes to official plan in regard to waterfront will be prepared and presented to HBM Conference. Oak Lake waste site is being closed and will be changed from a landfill to a transfer site. Some questions were raised regarding dump hours and life time of existing licensed land fill site at Kosh. Some additional funds have been set aside for Highway #46 repaving. Following fall elections Oct 26 (ballots to be mailed and Reeve Gerow encourages all to vote), official plan work will be undertaken. Business office will be renovated so HBM will move temporarily to 6th line office. Fundraising for CATSCAN at Campbellford Hospital. \$250,000 has been raised out of \$400,000. Reeve Gerow introduced Shirley Patterson candidate for trustee in upcoming election who asked for our support. Egan Tancre inquired about seasonal tax category of 30%. Reeve Gerow mentioned that there are no plans presently to change tax categories and has discussed the issue with the Minister of Finance and will raise it again at future meetings. Frank Nunes raised issue of campers on Kosh Lake, Bottle Lake and elsewhere. Photos of privies and feces, garbage etc...have been taken. MNR has been contacted and Reeve will continue to work with MNR personnel Mitch Close and Trevor Harris. The Bottle Lake camping area is going to be voted on at HBM Council with a recommendation that MNR permanently close this particular problem area. Comment from the floor on the possibility of providing a proper outhouse. MNR and council could create a 'park' but this is expensive and hard to manage. Municipality receives no money from other levels of government to manage crown land but presently no funds are available. Most campers are conscientious but a few people are ruining the environment with thoughtless behaviour. Possibility of putting large boulders across access roads and hazard signs? Campers need to adopt a responsible attitude. OPP and MNR must attend the camp sites on weekend when campers are present. Other matters of concern: Highway #46 and #48 graffiti. County staff is going to deal with it but not sure about it this year. To close off crown land camping MNR will need to enforce by law with OPP. Current law allows public camping on crown land and province and MNR need to receive concerns in order to put issue on their agenda. Reeve Gerow announced that on July 27 this year there will be an announcement regarding hi speed internet availability. An agreement has been signed with other levels of government and a service provider. Finally he reminded members that they are always welcome to contact HBM anytime with concerns.

Rick Rye presented on HBM Conference – all lakes in township are represented under Chair of Ruth Pezzack . Issues common to all lakes are addressed. Two meetings have been held with HBM council. First meeting dealt with introduction of conference and the second focused on communication. HBM Conference urged council to upload more information such as by laws and official plan information on to HBM web site. We hope to use LKRA website to canvass membership electronically. HBM Conference has plenty of expertise and invites more input.

Terry Rees Executive Director of FOCA and Kasshabog Lake resident presented an update on FOCA activities. There are 555 member lakes in FOCA. FOCA deals with common issues across cottage community. FOCA deals with tax, land use issues, hydro, roads, and other matters. FOCA recognizes that municipalities have little money, but all the responsibility regarding most local waterfront and cottage issues. FOCA publications including Take the Plunge (Water Stewardship), Newsletter, Lake Planning Template. Terry indicated that FOCA website has details on these and other issues. Terry encouraged members to stand up and draw attention to issues so politicians understand concerns. FOCA continues to work on fresh water and lake issues. Terry announced that there are all candidates meetings planned for Aug 14 at Round Lake and Aug 28 AM at Kasshabog Lake library and Stoney Point marina PM. Also, FOCA is presenting workshops on cottage succession planning this summer. Details available on FOCA website. Terry reminded members about the need for boat licenses. Dam and MNR issue: 50 year old dam has structural problems but not severe yet. The dam holds back 5- 6 feet of water so if it fails there will be severe water loss. Could the dam fund be used to replace current one? MNR is not currently looking at our dam and it is not a priority. Finally, Terry re-encouraged members to become more engaged in the local political process.

Bob Marshall GM of UNIMIN presented an update on mine issues. Reviewed what Nepheline is and how it is used. Extraction is through drilling and blasting, and then rock is crushed and grinded – all mechanical no chemical additives. About 75% of rock is used but some material ends as tailings. (Sandblasting sand, swimming pool filter sand, glass windows, china, ceramic tiles, cling wrap, tooth paste, paint filler). UNIMIN is a close neighbour of the lake and noise is an ongoing concern. Fans are the main source of noise and UNIMIN has conducted a noise survey in spring 2009. 40db is the night time noise level baseline. UNIMIN recognizes that they do make noise and improvements are always the aim. Discussion about dust and slurry. Tailing Project: over the next couple of years a project will be in place to spray water on tailings. Reminder of Kids Club tour. Steve Martin reminded Bob of an episode in April when lake was particularly dusty. Dry spring and wind led to unprecedented amount of dust. Egan Tancre reminded Bob of speeding. It is an OPP issue. Leakage on trucks and trains represents a commercial as well as environmental concern. Rick Rye asked about responsibility for the culvert at the end of the lake and mentioned that it has deteriorated over the years. Bob indicated the mine and CPR is responsible for the rail line including the culvert. He will ask CPR to look into the status of the culvert. In response to a question from the floor Bob indicated that all mined material is non hazardous. Egan Tancre presented dead snails.

Neil Hammond presented on Campbellford Hospital fundraising. Local lake associations have made contributions. Encourage LKRA to make similar donations.

Jennifer Payne from OPP presented on policing issues. Marine patrol consists of two officers on daily patrols. OPP will gladly come out to any lake events. Please contact OPP when there are issues and they will attempt to attend. Boat cards must be present in all boats. Encourage members to wear lifejackets always. Three officers patrol a large area and response is on a priority basis. What can be done to address unsafe/inconsiderate boat operators? Call in to marine officer to create incident report. (Counsellor Ellis excused himself)

Committee Reports: Maureen Nunes encouraged everyone to pay their membership dues and will be at Regatta collecting. Lois reported that the library is open for business and encouraged volunteers. Using donations for a screened in porch here in time for next summer. Volunteers needed for screen porch building. Call Les or Lois for details. Susy Hamilton September 1st deadline for newsletter items. Michael discussed regatta and the water ski course. It is understood that the Holmes family owns and maintains the course but the course does not have an MNR permit. Further, LKRA's current Commercial General Liability insurance includes a specific exclusion for water skiing activities. Additional insurance is available for \$1000 and includes a requirement that all participants in water skiing complete a waiver of liability form. Les Morris pointed out that the LKRA executive has the authority to purchase the necessary additional insurance. Egan Tancre moved that the executive pay the additional insurance to maintain regatta water skiing and adjust budgets in the future to reflect the additional cost of insurance. Seconded by Frank Nunes. Motion Approved.

A suggestion from the floor that we ensure that all regatta participants are paid up members or guests of paid up members.

Jan Prentice gave an update on regatta planning. The brochure is ready to print and will be distributed early next week. There are some new events including nail driving, more kayaking, and paddle boat race. Volunteers are always welcome to work at regatta starting at 8:00 AM on the morning of the regatta. Jan thanked members for donations that allow us to put on such a fine event every year. Jim to forward water ski waivers to Jan. Jan also reminded members about the cottage tour event taking place August 13 – 14. Details and sign up at the marina.

Other Business: Candidate Shirley Patterson made a brief introduction and asked for support in the municipal election. She also asked that CT Scan tickets be available for sale at the regatta and Hazel Higley agreed to sell them.

Egan Tancre raised the issue of snail die off and suggested members investigate the issue.

Motion to adjourn meeting at 12:39 PM by Frank Nunes. Seconded by Jim Brickell. Motion approved.

LIBRARY FUNDRAISER HOODIE AND SWEATSHIRT SALE	<p>Anyone who would like to order a Lake Kasshabog, 4-Colour Embroidered Loon Logo Hoodie or a ¼ Zipper Sweatshirt complete the order form below & send along with your cheque payable to "<u>Lake Kasshabog Library Fund</u> to Lois Galbraith at Box 858, Havelock, ON K0L 1Z0. LIBRARY REPORT

Summer 2010 Library Report:

Another great season of reading has concluded. Our circulation was up and our hours of operation seemed to fit most peoples' schedules. We received many compliments on our array of books in our collection and on our volunteers.

Three people manned the Library on Saturdays this season. Bonnie Davidson was there on the opening and the closing days. She knows so much about library procedures and was great about readying our "New Arrivals" section and culling books for our book sale. Her services were invaluable. Thanks a million Bonnie.

Jennifer and Karen Hubert covered all of the other Saturdays. They did a fabulous job and were so reliable and so generous with their time. Jennifer was able to obtain "community service" hours for high school. Thank you to Karen and Jennifer for your dedication and your hard work on our behalf!

Perhaps you would like to help out on a Saturday? Maybe you know a student who needs community service hours..... we need youplease contact me at lois.galbraith@sympatico.ca.

See you next season.
Lois Galbraith
M 110
705.877.3159

LIBRARY/COMMUNITY HALL REPORT

Library / Community Hall Report

We did not use any of our library funds this season. Instead we worked on plans for our screened-in porch. Matters moved slowly but we were able to make some progress. We now have engineer's plans and a list of materials we will need. We have someone to head up the construction, Cliff MacPherson. We have also recruited a great volunteer crew!

By provincial law, when a public building undergoes an addition or a renovation, the accessibility of the structure must be reviewed and brought up to standard. We worked with the HBM Council on this issue and they will be updating the handicap ramp and rails at their expense.

Our new date for the framing of the porch is the Saturday of the May 24th long weekend in 2011.

The HBM Council and staff have been very co-operative. We will have the plans, the permit, the ramp revisions and the funding all in place for the spring.
All good things take time!

If you would like to be a part of the work crew on the next May 24th long weekend, please email us or give us a call. Lois.galbraith@sympatico.ca

REGATTA 2010

by Jan Prentice 877-3105 Janice_Prentice@kprdsb.ca

Another successful year at Kosh Lake Regatta 2010 this summer. The weather was fantastic for both days and our numbers were up this year in many of our events. I just wanted to say a big thanks to all the volunteers who helped out this year. The Regatta would not run without the help of all of you. Thanks to Jessie Wright who helped on setup and take down and cleaning of the library basement before hand while gaining some high school community hours. Awesome helper! Our volunteer committee members are: Jeff and Brianne Daigle, Randy Cosgrove and Family, Lori and Mike Bailey, Yvonne and Terry Reese, Peter Pukey and Cail, Bill Prentice, Hazel and Lee Higley, and Hugh Dobson. Again, thank you to all the other volunteer members for your ongoing help and support of our regatta.

Some of the highlights this year were the large number of volleyball players on Sunday: 5 junior teams and 23 adult teams on the MacPherson beach. The waterskiing conditions were calm and the ski course in perfect condition, fine sand dropped on the volleyball beach (compliments of Steve Martin if you need to order some) and lots of volunteers to clean up Canada geese droppings on Saturday at Half Moon Bay (thanks). Thanks to Bruce Wilks in his efforts on grading the beach. We introduced ice cream cones this year along with our BarBQ catered by the Higley crew. Nail driving was another highlight at lunch with ribbon winners for the fastest times. Another successful tie die t-shirt event with kids club thanks to Lelia and Cail. Well done. Time to sign off and until 2011 start up of our volunteer members meet, you can drop me a line if you would like to get involved. Thanks again for all the support.

Ron Schirm	Hobie 14 49208	1:23:00	Second	6 th 13m0s	6 th 1:12:32
Clair Roberts	Hobie 14 (White/Purple/ Blue)	1:43:00	Third	14 th 20m0s	First year for boat

Racing Class #4 (Sail Board)

	Boat	Time	Place in Class	Fleet	Corrected
Colin Field	208873 (Red/White)	2:00:00	First	15 th	N.A.
Saul Field	(Blue)	2:01:00	Second	16 th	N.A.

Racing Class #5 (Guest Class! Sailing Canoe)

	Boat	Time	Place in Class	Fleet	Corrected
Henry Gunner & Kailen Bittner	(Red/White/Blue)	1:23:00	First	5th	N.A.

Race 2010. WOW! This year's race took place on Sunday at around 11:10 AM. with 31 sailors in 17 boats, our best turnout ever. The wind was an unheard-of east direction at the start of the race. This anomalous direction spasmodically clocked to the south and back throughout the race. Each and every sailor at some point in the race was completely becalmed and had to wait for the wind to come their way so as to continue the race. It was widely agreed that the wind conditions were challenging and the fleet race time was double last year's.

This year we had three young men complete the race course. When I say "young men", not one of them was over the age of 12. I feel this is a noteworthy accomplishment in particular because the weather was such a challenge. The first of these was Thomas Barber who solo sailed his Laser 4.7 around the course in 1 hr. 31 min. crossing the finish line in first place in the one sail class. He bettered two previous Varty cup recipients Michael Jamison and Evelyn Barber

(sister) and maneuvered past the other Laser piloted by first year sailor Peter Pulsifer. Thomas now possesses a first place medal and the distinction of "youngest solo sailor" to complete the course. As for our other 12 year old "adventure seekers", we have Henry Gunner whom we first met in '07 when he tried to sail a small "Optimist" pram which unfortunately didn't have enough centerboard to sail up-wind. Not an issue this year! Henry and fellow crew mate Kailen Bittner commandeered a vintage cedar strip canoe fitted with lateen rig and authentic lee boards. Now it should be noted that under normal circumstances the use of a paddle in a sailboat race would be deemed "manual/mechanical propulsion" and would therefore immediately disqualify the entrant, however, here at the Kosh regatta, we applaud their entrepreneurial innovation. Rather than disqualification, the race committee invoked the never used "Executive Privilege" and declared the striped red, white and blue sail representative of France's flag and the crew, members of the Coureur-des-Bois explorer class. Being the only entrants of this "Paddle Assisted, One Time Guest Class", they earned first place medals for both participants.

This year we had a father-son challenge in the windsurf class. Colin Field, who has raced with us for a few years, was accompanied around the course by his son Saul. The two boarders completed the sail board course within 1 minute of each other. It should be interesting to see how the two finish when they square off next year.

The Catamaran class had four vessels that raced. A new competitor Clair Roberts, who comes to our lake with some sailing experience, was frustrated by more than one of the "lee-of-Island" wind shadows. Our other Hobie 14 (Turbo = with Jib) sailed by veteran competitor Ron Schirm positioned himself between Roberts and behind the Hobie 16 team of Jane Lucas and Jim Bischoff who placed first in the class.

Our final and largest class was the two sail class starting with 16 sailors in 6 boats. The Collins/Whitehill Albacore team was initially challenged by Colin Maude with guests (4 in total) until the wind dropped. With a tight regatta schedule and little sleep the night before, Colin and crew retired early leaving the other Albacore to show how it's done. Young crew Mathew Sherar and Alex Henderson upgraded their vessel this year to a Flying Junior and completed the course in a respectable 1 hr. 35 min. Also upgrading vessels were Larry and Scott Fortune. Last year's Mirror (small and tender) was replaced with a speedier International 470 racing boat. The upgrade positioned the team first in class ahead of the world renowned team of the Rhodes Mariner (matching blue shirts and red hats) crewed by Hans and Cathy Lammers and guest Ken Broaderip.

In third place was the husband and wife team of Hector Barber and Dawn Gray (parents to Thomas and Evelyn). This dynamic duo improved their course time enough to squeak past the Albacore team crewed by Leo and Mark Collins and Chris Whitehill with a corrected time of 1 hr. and 5 min. **This qualifies Hector and Dawn as our 2010 "Varty Cup" winners. Congratulation to the team of the CL16.**

As is reflected in these results the high drama shenanigans of the 2009 race was replaced with serious effort and determination. We however envision that with higher winds we shall see the capsizing, rock finding and general adventure that were missing in this year's

competition. With this in mind we have re-purposed an old golf trophy into the hence forth know as, "Oops Cup". (Let's hope no one uses it!) This good natured honorarium will be used to casually "document" the various oops that happen from year to year. Rather than engraving a name onto the affixed plates this trophy will be adorned with the failed boat pieces (if small enough) and or photo of the Oops as presented. This distinction will not be a ridicule element but rather a celebration of what it is like to be human and sail the treacherous waters of Kosh Lake with an outdated and poorly maintained fleet. We encourage each participant whether they complete the race course or not to show off what they have done and spin your tail of heroics and/or woe. Speaking of which, thanks to Patrick Beldam and his "Rescue Boat" crew Sarah and Brianne. This year they watched over the fleet and stayed clear of the rocks. Thanks to the Jamieson's for their "after race hospitality". Very special thanks to the members of the race committee, Lelia MacDonald, son Andrew Bradley and Barbara Cail Maclean for their commitment to the annual race. Racer or not, anyone wishing to receive emailed race results and/or copies of this race synopsis send an message to peter@durham.net and we'll put you on the list.

High School Students for Hire by Lelia MacDonald, leliam@rogers.com

There are students on the lake who are looking for part-time work. Remember when you were a teenager, how great it was to have some extra cash? Hire these kids. They will take even the smallest jobs.

Next spring, when you are raking and hauling the leaves, hire them to get the blisters. Does that west wall of your cottage need a new coat of paint? Hire them to get on the ladder. Are your grandkids coming to stay for a week during the summer? Hire their own "camp counselor" for an afternoon your grandkids will think its like a really fun older cousin came to play with just them. You can catch your breath for a few hours. You and the student would have to agree on a wage.

Name	Age	Type of Work	July	August	Cottage Phone
Andrew Bradley	13	Camp counselor	All of July	All of August	877-1431

This list will be a regular feature in each newsletter. If there is a high school student who would like their name added to this list in the next issue of this newsletter, contact Lelia MacDonald at leliam@rogers.com by February 2011 (or right now before they forget).

MEMBERSHIP REPORT

by Maureen Nunes

Well , I'm officially through my first year as your membership person!! And I have to say that it has been a lot of fun and very gratifying. Thanks to all who write nice little notes of thank you and encouragement along with your dues.

What an incredible summer it has been on Lake Kasshagog, one of the best in several years!!! For those sunlovers amongst us it's been a slice of heaven!!! Let's hope for an equally beautiful fall.

Again I can't say enough about being a member of the LKRA and being involved with what happens on our beautiful lake. All the more reason to come out and get involved in any way you can to maintain and preserve this place that we call home, whether it be from May to October or all year round.

335 memberships paid as at September 1, 2010

Why be a member of the Lake Association?

YOUR ANNUAL DUES OF \$20.00:

- Provides for and maintains ten fire pumps around the lake.
- Provides and maintains safety flashers and markers around the lake.
- Mails to each cottager regular newsletters
- Provides membership in the Federation of Ontario Cottagers
- Represents our lake on the Belmont -Methuen Conference
- Arranges for the annual decal for paid-up members
- Represents our lake's interest at the local Township Council
- Provides for our famous Annual REGATTA
- Provides for water quality monitoring
- \$2.00 from each membership is allocated towards the emergency dam repairs

ALL OF THIS FOR ONLY \$20.00 !!!!

Affiliate Memberships

If there are family at your cottage that would like to stay informed and receive the newsletter, you can sign up for an affiliate membership. The annual fee is \$10.00 and we would need the cottage number and current address of the affiliate. This assumes that the main cottage is paid at \$20.00 first. Send your information or questions to Bev Duclos at: Beverley.duclos@gmail.com

MEMBERSHIP FORM

Kindly fill out and return with cheque or money order payable to: LAKE KASSHABOG ASSOCIATION
Forms and dues may be left in any of the drop boxes or mailed to:

Fire Pump Instructions

In each of the pump houses located strategically around the lake there should be a pump, intake hose with a foot-valve, fire hose, small can of gasoline, a plastic container for priming, hand bell and a copy of these instructions. At each of the marinas, 2 additional 50 ft. lengths of hose are kept for use when needed.

1. En route to the fire, call for help by ringing the bell. Take along these instructions.
2. See that there is oil in the crankcase and gasoline in the tank of the pump engine (either clear or mixed gas as for outboards)
3. Set intake pipe in water with foot valve as nearly vertical as possible. Fill the pipe with water (foot valve prevents water from running out) and attach to pump, avoid damaging the foot valve screen.
4. Prime the pump by tilting it and pouring water into the output opening, fill to overflowing and then attach fire hose.

CAUTION: Do not run without water in pump or oil (SAE 30) in crankcase.

Starting: ~ ~ Old Pumps ~ ~

- A. Pull Choke Control
- B. Push Stop Switch away from the spark plug
- C. Use Pull Cord
- D. When Motor starts Push in Choke Control

To Stop: Push Stop Switch against the end of the spark plug.

Starting: ~ ~ New Pumps ~ ~

- A. Turn Ignition Switch to ON
- B. Move Gas Lever to ON
- C. Move Choke Lever to ON
- D. Use pull cord
- E. Turn choke off when motor starts
- F. Move throttle to FAST

To Stop: Turn ignition switch to OFF

AFTER USING: 1. Clean and dry suction pipe and hose before replacing in the pump house.
2. Report the use of the pump to any member of the Executive.

Note that the Lake Kasshabog Residents' Association is not responsible for ensuring pumps have gas and are operational. If you use a pump please leave it in good working order.

CORPORATION OF THE
TOWNSHIP OF HAVELOCK-BELMONT-METHUEN
Fire Regulations

NOTE: An Open Air Burning By-Law is in place in the Township which is applicable January to December of each year.

- All open air burning must be done in compliance with the Forest Fire Prevention Act.
- All open air burning done during daytime hours, being 2 hours after sunrise and up to 2 hours before sunset will require a permit, to be issued by the Fire Chief or his designate.

Any person setting, maintaining or allowing to burn, a fire and all property owners upon which a fire is set, maintained or allowed to burn in open air:

- shall, be responsible for any damage to property occasioned by said fire
- shall, if the fire is not permitted pursuant to the by-law or does not otherwise comply with the regulations set out herein, be liable for the payment of a fee comprised of the cost of any fire fighting equipment and personnel.

Complete By-Law regulations and Provincial Regulations are available at the Township Office or by calling the Fire Chief at 778-3183 Office. Or 24/7 by Calling Fire Dispatch at 705-778-3311

PLEASE CONTACT THE OFFICE BEFORE YOU BURN
